INTRODUCTION

Take advantage of a benefit choice that can increase your spendable income - a flexible benefit plan. You can enhance your benefits package by participating in this valuable option available through your employer.

As a benefits eligible employee, you may be eligible to enroll in the Flexible Benefit Plan (refer to the SPD for eligibility rules). The Plan provides you an opportunity to set aside part of your pay on a pre-tax basis, thereby lowering your taxable income, reducing your social security and income taxes and increasing your spendable income.

The information contained in the packet describes the basic features of the Plan and how it operates in an effort to help you choose the benefits that best protect you and your family. This is your benefit and it is important that you understand how it works and how it can help you.

Not all of the information contained in the packet may apply to your Plan. For the specific details of your Plan, you should consult your Summary Plan Description. The Highlight Sheet also lists the plans available under your Flexible Benefits Plan and the maximum amounts you can contribute. Please refer to this sheet when making your Flexible Benefit Plan elections.

Please note that this packet addresses only the key components of the Flexible Benefit Plan. Consult the Plan Document or Summary Plan Description for more details.

EMPLOYER SPONSORED INSURANCE PREMIUMS

Any portion of an employee's premiums not paid for by the Employer for employer-sponsored health insurance will be paid with "pre-tax" dollars unless you instruct your Employer to deduct them on an after-tax basis. You should reference the materials specific to your Plan as to what benefit plan premiums are eligible to be paid with pre-tax dollars. The advantage of paying benefit plan premiums on a pre-tax basis is your contributions to the Plan are taken out of your paycheck before FICA, federal or state income taxes are calculated, which means you pay less in taxes. The contribution necessary to obtain the health care benefits through your Employer will be communicated by your Employer upon commencement of participation at the time of enrollment.

FLEXIBLE SPENDING ACCOUNTS (FSAs)

***HEALTH CARE FLEXIBLE SPENDING ACCOUNT**

By enrolling in a Health Care Flexible Spending Account, employees are able to pay for eligible out-of-pocket medical, dental and vision expenses on a pre-tax basis with deductions taken directly from salary. These deductions reduce an employee's gross income on his/her Form W-2 for federal, state and social security tax purposes. These deductions are spread out evenly over each payroll and allocated to your Flexible Spending Account for reimbursement of covered expenses. By participating in the Health Care Flexible Spending Account, employees and their spouses are **disqualified** from having a Health Savings Account.

***LIMITED HEALTH CARE FLEXIBLE SPENDING ACCOUNT**

This account is similar to the Health Care Flexible Spending Account described above, but limits the type of expenses that can be reimbursed to dental and vision care and in some plans, post-deductible expenses. It is important to review the materials specific to your employer's plan as to the type of expenses that are eligible under the Limited Health Care Flexible Spending Account. By participating in the Limited Health Care Flexible Spending Account, employees and their spouses are also **eligible** to contribute in a Health Savings Account, if otherwise eligible.

***DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT**

By enrolling in a Dependent Care Flexible Spending Account, employees are able to pay for eligible dependent care expenses on a pre-tax basis with deductions taken directly from salary. The maximum you may deposit to a Dependent Care Flexible Spending Account is \$5,000 per year (\$2,500 if married filing a separate tax return) or the lesser of you or your spouse's earned income.

Please refer to the Highlight Sheet for the accounts available under your Plan and the maximum amounts you are eligible to set aside under each.

HOW DOES THE PLAN SAVE ME MONEY?

The following example illustrates how the Plan saves you money. Assume that your monthly share of the health insurance premium is \$250 per month, your monthly income is \$2,000, and you are in the 15-percent federal income tax bracket and the 7.5-percent state income tax bracket. Assume also that you expect to have \$2,400 in uninsured medical expenses during the year. If you pay your health insurance premiums using pre-tax dollars under the premium component and your uninsured medical expenses using the Health Care Flexible Spending Account, you will save \$135 per month, or \$1,620 per year. These amounts are computed as follows:

	<u>With a Pre-tax Plan</u>	<u>Without a Pre-tax Plan</u>
Salary	\$2,000	\$2,000
LESS:		
Health Insurance Premium	(250)	0
Uninsured Medical Expenses	<u>(200)</u>	<u>0</u>
Taxable Income	\$1,550	\$2,000
LESS:		
Federal Income Tax (15%)	(233)	(300)
State Income Tax (7.5%)	(116)	(150)
Social Security FICA (7.65%)	(119)	(153)
Health Insurance Premium	0	(250)
Unreimbursed Medical Expenses	<u>0</u>	<u>(200)</u>
Net Take Home Pay	\$1,082	\$947
Monthly Tax Savings	\$ 135	
Annual Tax Savings	\$1,620	

HEALTH CARE FLEXIBLE SPENDING ACCOUNT

WHAT IS A HEALTH CARE FLEXIBLE SPENDING ACCOUNT?

A Health Care Flexible Spending Account allows you to set aside tax-free money to cover eligible health care expenses you incur for you and your eligible dependents during the plan year. Eligible dependents include your spouse and your adult child who as of the end of the taxable year has not attained age 27 and regardless of whether or not this individual is a full-time student, disabled or married. **By participating in a Health Care Flexible Spending Account, you and/or your spouse are disqualified from contributing to a Health Savings Account.**

ELIGIBLE HEALTH CARE EXPENSES

Eligible health care (medical/dental/vision) expenses are expenses that are “medically or dentally necessary.” This means the expense must be for the diagnosis, treatment or prevention of disease and for treatment affecting any part or function of the body. The expense must be to alleviate or prevent a physical defect or illness. In addition, to qualify as a reimbursable health care expense, the expense must:

- be incurred (received) during your eligible period of coverage; and
- not be reimbursable from any other health insurance or reimbursement program.

Expenses incurred prior to your effective date are not eligible for reimbursement. Special plan provisions such as a grace period or a rollover provision will determine whether expenses incurred after the plan year end date are eligible for reimbursement. Refer to your specific plan documents.

The IRS imposes certain restrictions on Health Care Flexible Spending Accounts, including the following:

- Under the “use or lose” rule, participants who submit claims that are less than the participant’s annual election are required to forfeit the unused funds.
- In 2005, the IRS modified the “use or lose” rule allowing an employer to include a grace period. Under the grace period, an employee with an account balance remaining at the end of a plan year may continue to use that balance to reimburse claims incurred during the 2 ½ months following the end of the plan year. The grace period is optional and must be formally adopted by the employer. You should review the materials specific to your Flexible Benefit Plan to see if the grace period is included under your Plan.
- In October of 2013, the IRS modified the “use or lose” rule allowing an Employer to include a rollover provision of up to \$500 of a year-end account balance into the next plan year, following the end of the run-out period. The rollover dollars are then available to be used to reimburse claims incurred at any time during that next plan year. The rollover provision is optional and must be formally adopted by the employer. You should review the materials specific to your Flexible Benefit Plan to see if the rollover provision is included under your Plan.

- Employers are not allowed to offer the grace period and the rollover provision during the same plan year. It is important that you review the documents specific to your Flexible Benefit Plan to determine if and how either of these provisions may apply to your Plan. If your plan does not include either the grace period or the rollover provision, all unused funds in your Health Care Flexible Spending Account will be forfeited under the “use or lose” rule following the end of the run-out period. For this reason you should estimate your anticipated expenses for the plan year conservatively.
- You will receive a statement shortly after the start of the plan year. The statement will provide information as to how to log onto our website and view your account information. Under the run-out period you may continue to submit eligible expenses incurred during the plan year for up to 90 days after the Plan Year ends. The run-out period does not extend the period of time for you to incur expenses. Employees who terminate employment during the Plan Year will be given **90** days from their date of termination in which to submit expenses incurred prior to their termination.

ONCE ENROLLED, YOU MAY NOT CHANGE YOUR ELECTION

To comply with IRS regulations, you may only make a change in your election at the beginning of each plan year. This means you may not make a change in your elections after the open enrollment period unless you experience a family status change. Examples include - marriage, divorce, birth, adoption, death, loss of spouse's employment, etc.

Be sure to contact your employer if any of these changes apply to you so that you can complete a change form. The completed change form must be received within 30 days of the change to make a new election.

SOCIAL SECURITY BENEFITS

Any reduction in your taxable pay for Social Security purposes may also lead to a reduction in your Social Security benefits. For most employees, the reduction in Social Security benefits will be insignificant compared to the value of paying lower taxes today.

SEPARATE ACCOUNTS

Under IRS regulations, each flexible spending account (FSA) is separate and is not interchangeable. Dependent care may only be reimbursed under the Dependent Care Flexible Spending Account and unreimbursed medical expenses may only be reimbursed through the Health Care Flexible Spending Account. The Limited Health Care Flexible Spending Account may only reimburse expenses as identified in the employer's plan (i.e., dental/vision and/or post-deductible expenses).

ELIGIBLE EXPENSES

The following list gives examples of the types of health care expenses that may be eligible under the Health Care Flexible Spending Account (this expenses on this page and the following do not apply to the Limited Health Care Flexible Spending Account). Only expenses that are not reimbursed by insurance or another reimbursement program can be claimed. Expenses for cosmetic procedures that are not medically necessary are not eligible for reimbursement. This list is compiled from IRS Publication 502, which you may obtain from the Internal Revenue Service. OTC drugs or medications are not eligible for reimbursement without a prescription. A valid prescription must include the name(s) and address of the patient(s); name and quantity of the drug prescribed and directions for use; specific medical condition requiring the use and the date of issue. A doctor's note of medical necessity does NOT meet the definition of a valid prescription.

Eligible Over-the-Counter items reimbursable without a prescription - Items used for “medical care” (to alleviate or treat personal injuries) are reimbursable under the health care flexible spending account. Some examples of eligible over-the-counter items that can be reimbursed are:

- ✓First aid supplies (i.e. thermometers, ace bandages)
- ✓Contact lens solutions/cases
- ✓Insoles
- ✓Wrist/ankle braces/supports
- ✓Pregnancy tests

| ✓Lotions, anti aging cream | ✓Vitamins taken for your general health |

Claim Substantiation As with any claim submitted under the health care flexible spending account, Benefit Extras requires an itemized bill from a third-party substantiating the expense. In the case of an eligible over-the-counter item, the itemized bill will commonly be the cash register receipt. If the cash register receipt does not clearly indicate the item(s) purchased, please provide this information either on the front of the claim form or directly on the cash register receipt. If this information is not provided at the time you submit your claim, your claim will be returned requesting the additional information.

LIMITED HEALTH CARE FLEXIBLE SPENDING ACCOUNT

WHAT IS A LIMITED HEALTH CARE FLEXIBLE SPENDING ACCOUNT?

A Limited Health Care Flexible Spending Account works like the Health Care Flexible Spending Account described previously but limits the eligible expenses to dental and vision expenses and in certain Limited Health Care Spending Accounts, post-deductible expenses, for you and your dependents. Post-deductible expenses are expenses for medical care which are incurred after the minimum annual deductible applicable to “high deductible health plans” under Code Section 223 have been satisfied. It is important for you to review the materials specific to your Limited Health Care Flexible Spending Account to determine whether post-deductible expenses are an eligible expense. Eligible dependents include your spouse and your adult child who as of the end of the taxable year has not attained age 27 and regardless of whether or not this individual is a full-time student, disabled or married. If you participate in the Limited Health Care Flexible Spending Account, you may also contribute to a Health Savings Account, if you are otherwise eligible. Note that you may participate in either the Limited Health Care Flexible Spending Account or the Health Care Flexible Spending Account, but not both.

ELIGIBLE HEALTH CARE EXPENSES

Eligible expenses under the Limited Health Care Flexible Spending Account are dental, vision and in certain plans, post-deductible expenses that are “medically or dentally necessary.” This means the expenses must be for the diagnosis, treatment or prevention of disease and for treatment affecting any part or function of the body. The expense must be to alleviate or prevent a physical defect or illness. Post-deductible expenses are expenses for medical care which are incurred after the minimum annual deductible applicable to “high deductible health plans” under Code Section 223 have been satisfied. You should refer to your specific plan documents to determine if post-deductible expenses are eligible under your Limited Health Care Flexible Spending Account.

In addition, to qualify as a reimbursable expense, the expense must:

- be incurred (received) during your eligible period of coverage; and
- not be reimbursable from any other health insurance or reimbursement program.

Expenses incurred prior to your effective date are not eligible for reimbursement. Special plan provisions such as a grace period or a rollover provision will determine whether expenses incurred after the plan year end date are eligible for reimbursement. Refer to your specific plan documents.

Any reduction in your taxable pay for Social Security purposes may also lead to a reduction in your Social Security benefits. For most employees, the reduction in Social Security benefits will be insignificant compared to the value of paying lower taxes today.

SEPARATE ACCOUNTS

Under IRS regulations, each flexible spending account (FSA) is separate and is not interchangeable. Dependent care may only be reimbursed under the Dependent Care Flexible Spending Account and unreimbursed medical expenses may only be reimbursed through the Health Care Flexible Spending Account. The Limited Health Care Flexible Spending Account may only reimburse expenses as identified in the employer's plan (i.e., dental/vision and/or post-deductible expenses).

DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT

One of the most important issues to a working parent is childcare. Not only is it difficult to find and arrange for good childcare, it can be very expensive. Also, with our aging population, many people are caring for elderly or disabled dependents that are unable to care for themselves.

WHAT IS A DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT?

The Dependent Care Flexible Spending Account is designed to give you a tax saving way to pay for these expenses. It is important to remember that the dependent care expenses must meet certain IRS requirements. The expenses must be necessary for you to continue working. If married, you and your spouse must both be working, or your spouse must be a full-time student or disabled.

To be considered a “dependent,” the person receiving care must be eligible to be claimed as your dependent on your federal income tax return and be either:

- under the age of 13; or
- your spouse or other dependent who is physically or mentally incapable of self-support, and who spends at least 8 hours per day in your home.

USING TAX-FREE DOLLARS TO PAY FOR EXPENSES

With a Dependent Care Flexible Spending Account you can set aside money to cover dependent care expenses on a tax-free basis. This way you save money because you never have to pay taxes on the money you set aside in the account. For example, if you incur \$2,000 of eligible dependent (day) care expenses in a year, you could save about \$600 in income taxes:

With a Flexible Spending Account		Without a Flexible Spending Account
\$24,000	Salary	\$24,000
-2,000	Pretax Child Care	0
-----		-----
\$22,000	Taxable Income	\$24,000
-6,600	Taxes (30%)	-7,200
-----		-----
\$15,400	After-Tax Income	\$16,800
0	After-Tax Child Care	-2,000
-----		-----
\$15,400	Take-Home Pay	\$14,800

REIMBURSABLE DEPENDENT CARE EXPENSES

To qualify as a reimbursable dependent care expense, the expense must be incurred during the plan year. Any dependent care expenses incurred *prior* to the plan year are not reimbursable.

SETTING UP AN DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT

To set up a Dependent Care Flexible Spending Account, you must first decide how much money to set aside for the plan year. You may deposit any amount up to \$416 a month (\$5,000 annually for a full plan year). Your maximum amount is \$208 a month if you are married filing a separate income tax return.

The IRS limits the amount of money you may contribute into a Dependent Care Flexible Spending Account to the smallest of:

- your income,
- your spouse's income, or
- \$5,000 per family (\$2,500 if married filing separate returns).

There are special IRS provisions if your spouse is a full-time student or is disabled.

SPECIAL NOTICE CONCERNING DEPENDENT CARE EXPENSES

Under current law, a tax credit is available for dependent day care expenses of the same type eligible for reimbursement through the Plan. The amount of the credit depends on the taxpayer's adjusted gross income and ranges from 20% to 35% of eligible expenses up to a limit of \$3,000 of expenses if there is one eligible Dependent and \$6,000 of expenses if there are two or more eligible Dependents. You will not be eligible to take the tax credit for any expenses reimbursed through the Plan. In addition, the maximum amount of expenses eligible for the credit will be reduced on a dollar-for-dollar basis for each dollar of dependent day care reimbursements you receive under the Plan.

Determining whether taking the credit or reimbursement under the Plan is more beneficial involves complex calculations. Because each individual's situation is different, the Employer cannot predict whether or not it would be more beneficial for you to take the tax credit for dependent day care expenses or to have your expenses reimbursed under the Plan. You may want to consult your tax advisor to determine whether the tax credit or Dependent Care Flexible Spending Account is more beneficial to your personal situation.

ONCE ENROLLED, YOU MAY NOT CHANGE YOUR ELECTION

To comply with IRS regulations, you may only make a change in your election at the beginning of each plan year. This means you may not make a change in your elections after the open enrollment period unless you experience a family status change. Examples include - marriage, divorce, birth, adoption, death, loss of spouse's employment, etc. **Please Note:** Regulations enacted as of January 1, 2001 may allow you to change your dependent care election as your day care needs change during the plan year. Consult the Plan Document or Summary Plan Description for more details.

Be sure to contact your employer if any of these changes apply to you so that you can complete a change form. The completed change form must be received within 30 days of the change to make a new election.

SOCIAL SECURITY BENEFITS

Any reduction in your taxable pay for Social Security purposes may also lead to a reduction in your Social Security benefits. For most employees, the reduction in Social Security benefits will be insignificant compared to the value of paying lower taxes today.

The Limited Health Care Flexible Spending Account may only reimburse expenses as identified in the employer's plan (i.e., dental/vision and/or post-deductible expenses).

HEALTH CARE AND DEPENDENT CARE ACCOUNT WORKSHEET

The purpose of this worksheet is to determine the medical, dental, vision or dependent care (day care) expenses for which you are not reimbursed from any other benefit plan. Be conservative and estimate only those expenses you are reasonably certain you will incur during the plan year to avoid any use or lose rules that may apply. Certain plans include a grace period or rollover provision which may minimize the use or lose rules. Refer to the materials specific to your plan for details. If you are enrolling in the Limited Health Care Flexible Spending Account, it is important for you to review the materials specific to your plan for the type of expenses that are eligible.

ENROLLMENT INSTRUCTIONS

Section I: Employee Information – Print all the requested data.

Section II: Account Elections – Refer to the materials specific to your plan for available accounts and the maximum amount you can contribute.

1. Pre-tax Premium Election – If you are currently paying a portion of your group health plan premiums, this amount may be paid on a pre-tax basis.

2A. Health Care Flexible Spending Account – Use the Health Care and Dependent Care Account Worksheet to calculate the amount of health care expenses you will have to pay out of your pocket during the plan year. Decide how much of this amount you wish to contribute, up to the plan maximum. Your annual election will be divided equally by the number of payrolls in the plan year.

2B. Limited Health Care Flexible Spending Account – Use the Health Care and Dependent Care Account Worksheet to calculate the amount of eligible expenses you will have to pay out of your pocket during the plan year. Remember when making your election, the Limited Health Care Flexible Spending Account limits eligible expenses to dental and vision expenses and in certain plans, post-deductible expenses. Refer to the materials specific to your plan to see what expenses are eligible under your Employer's Limited Health Care Flexible Spending Account. Decide how much of this amount you wish to contribute, up to the plan maximum. Your annual election will be divided equally by the number of payrolls in the plan year.

3. Dependent Care Flexible Spending Account – Use the Health Care and Dependent Care Account Worksheet to calculate the amount of eligible day care expenses you will have during the year. Decide how much of this amount you wish to contribute annually up to the plan maximum. Your annual election will be divided equally by the number of payrolls in the plan year.

To waive participation in the Flexible Benefit Plan – Under each of the available accounts in Section II, you can indicate your desire to waive participation by checking the box stating you do not wish to participate. Except for a change in status, you will not be able to elect pre-tax benefits until the next anniversary date and any after-tax coverage will be outside the plan.

Sign and date Section II (required).

Section III: Election Changes – This section only needs to be completed if you are eligible to enroll mid-year or change your previous election due to a family status change. Mid-year enrollments and election changes must be requested within 30 days of the change. If elections are changed because of birth, adoption, or placement for adoption, the changes are effective as of the date of the event. In all other cases, the changes are effective as of the date the election form is signed.

REIMBURSEMENT PROCEDURES

HEALTH CARE FLEXIBLE SPENDING ACCOUNTS (INCL. LIMITED)

To receive reimbursement you must complete a Flexible Spending Account claim form (included in this packet, available from your Human Resources Dept or on our website at www.benefitextras.com) and attach the required information as outlined below. Once approved, you will be reimbursed the full amount of your eligible expenses up to your elected Health Care Account or Limited Health Care Flexible Spending Account limit.

Claim Reimbursement Documentation Required:

- A completed (and signed) Flexible Spending Account claim form; and
- If the expense is covered by insurance (this includes your deductible, which is a covered expense under the Health Care Flexible Spending Account, but **not** under the Limited Health Care Flexible Spending Account), an Explanation of Benefits (EOB). An EOB is a statement from the insurance carrier that explains how much of the health care charges will be paid by insurance. **If you are submitting a request for post-deductible expenses under the Limited Health Care Flexible Spending Account, the only eligible documentation is the Explanation of Benefits provided by your insurance company.**
- If the expense is not covered by insurance, an itemized bill or an invoice that clearly identifies the name of the service provider, the date of service, the service rendered and the cost of service.

DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT

A completed (and signed) Flexible Spending Account claim form, which shows the name of the provider, the dates of service, the cost of service, the amount incurred and the TIN or SSN for that provider. Section Three must be completed, signed and dated by the service provider.

Dependent (day) care claims are reimbursed in an amount equal to the balance in your account. Any unpaid requests will be automatically considered for reimbursement as more dollars are contributed from your pay to your Dependent Care Flexible Spending Account.

Incomplete or incorrect documentation will delay processing of claims.
Instructions for completing the claim form are also provided on the claim form.

GRACE PERIOD (does not apply to all employer groups – consult your employer for details)
 By checking this box, I am requesting the attached claim(s) be reimbursed out of my last year's Health Care Flexible Spending Account. I understand that by not checking the box, my claim will be processed under the plan year in which the expense(s) was incurred and that I may not request the claim be re-processed at a later date. The Grace Period provision does not apply to the Dependent Care Account.

4. Employee Certification

I, the undersigned, certify that the above expenses were incurred by me (and/or my spouse/or eligible dependents), have been paid by me (or them), were not reimbursed by any other plan, and to the best of my knowledge and belief are eligible for reimbursement under my account. I have attached WRITTEN PROOF (itemized bill) of these expenses and I (or we) will not use the expenses reimbursed through this account as deductions or credits when filing my (our) individual income tax return. If audited, I understand that it is my responsibility (not my employer's) to provide written proof that these expenses were actually incurred and eligible for reimbursement. In the event that any reimbursement that I may claim and receive under this plan is later determined by the IRS to be unsubstantiated, I hereby acknowledge and accept responsibility for any adverse tax consequences that may result to me. I understand the employer does not accept responsibility for direct payment to any individuals other than the employee.
